So you wanna say goodbye
You know that's gonna make me cry
It doesn't even matter why
I want you to stay

And you know that time will tell
If you're meant for someone else
But I don't think so, there's no way
Someone could love you like me and if you go there
you'll see

If that's really what you want
If that's really what you've been looking for
If it's really worth losing all we had before today
Well if that's what you want, I'm gonna stand in your
way
Yeah yeah

Gonna make you wanna love me like
Used to every single night
There's so much more I could do
Maybe I didn't show you enough but I'm not giving up

If that's really what you want
If that's really what you've been looking for
If it's really worth losing all we had before today
Well if that's what you want, I'm gonna stand in your
way

Gonna scream, gonna shout, gonna hold my heart out
I will not let you go quietly
Could've lock all the doors, baby then you'll be sure
That you're wrong and you won't wanna fight me
anymore

If that's really what you want
If that's really what you've been looking for
If it's really worth losing all we had before today
Well if that's what you want, I'm gonna stand in your
way

So you wanna say goodbye

You know that's gonna make me cry, oh oh
I'm gonna stand in your way
I'm gonna stand in your way
