Unspoken words
You know just what to do
The rhythm moves like
Second nature to you
So primitive it fits you like a glove
Instinctive as to make love
Let's go

Before the groove hits
The move you want it to
And Uncle Funk wants
It over tonight
So just dance along to
Wherever they take you tonight
You just bang it all up and out
Bang it all on time

Let the beat let the beat be your lover
Free your mind, let the beat take you over
Throw all inhibitions up into the wind

Chorus:
Let's go bang
I wanna go bang
Let's go bang
I wanna go bang
Let's go bang
I wanna go bang
Let's go bang
I wanna.....

Well, if you move to the groove
The way I do
There's nothing else in the world
That compares
And if you dance to release the part of you
That keeps telling you to be free
Let it take you there

Let the beat, let the beat be your lover
Free your mind, let the beat take you over

A groove premonition your feet can't ignore

(Chorus:)

Oh in the air tonight
There's breathing in the wind
Oh in the air tonight
The beat is; it's going on
It's going on, it goes:
Let the beat, let the beat be your lover
Free your mind, let the beat take you over
A groove premonition your feet can't ignore

(Chorus:)
