Every day I wake up to another day gone by,
Nothing but the open road and the never-ending why.
Anything can happen, yeah, but nothing ever does.
I try to change, it's kinda strange, the same as it ever
was,
But look at us...

How do I deal with you? how do I deal with me?
When I don't even know myself, or what it is you want
from me.
How do I deal with us? how do I know what's real?
When I don't even trust myself, or what it is I feel.
And how do I deal?

Every night, in the dark, I lie awake in bed.
How am I supposed to dream, with all the static in my
head?
In all directions and I take the relief.
What can I do but feel the weight I'm underneath?
And grit my teeth...

How do I deal with you? how do I deal with me?
When I don't even know myself, or what it is you want
from me.
How do I deal with love? (why do I) why do I have to
choose?

And everybody's tellin me, what the hell I have to do.
And how do I deal with us? how do I know what's real?
When I don't even trust myself, or what it is I feel.
Now how do I deal?

How do I deal with you? how do I deal with me?
When I don't even know myself, or what it is you want
from me.
How do I deal with love? why do I have to choose?
When everybody's telling me what the hell I have to do.
How do I deal with you? how do I deal with me?
When I don't even know myself, or what it is you want
from me.
How do I deal with us? how do I know what's real?

When I don't even trust myself, or what it is I feel?

How do I deal? how do I deal?

How do i, how do i,how do i, how do i, how do I deal
with you?

At night I lay in bed, with static in my head.

How do I deal...
