I peer through windows but stayed inside
Dream of tomorrow but still I bide
The past is holding me keeping life at bay
I wander lost in yesterday wanting to fly but scared to try

Then someone like you found someone like me
And suddenly nothing is the same
My heart's taken wing and I feel so alive
'Cause someone like you found me

So many secrets I've longed to share
All that I needed was someone there
To help me see a world I've never seen before
A love to open every door, to set me free, to let me soar

Then someone like you found someone like me
And suddenly nothing is the same
My heart's taken wing and I feel so alive
'Cause someone like you found me

Someone like you found someone like me
And suddenly nothing will be ever the same
My heart's taken wing and I feel so alive
'Cause someone like you loves me, loves me
