If I had any luck in the world you and I would be
together
Cos you roll in and shower me like rain in the middle of
the summer
You're like a cool breeze blowing
Wanna feel the wind rushing through my hair
Cool breeze, cleanse me
All I know is I feel you everywhere

[chorus]
Every day's a little better as long as I'm here in the
sunshine
Every day's a little better as long as I'm here in the
sunshine
Lalala, lalalala

Maybe I'm just dreaming here to think you would
surrender
Cos you stroll in like a sunny day in the middle of the
winter
Just like a cool breeze knowing
That you could fly away and leave without a care
Cool breeze, floating
All I know is I still feel you in the air

[chorus]
Every day's a little better as long as I'm here in the
sunshine
Every day's a little better as long as I'm here in the
sunshine
Lalalala, lalalala

Don't go away, please stay

[chorus]
Every day's a little better as long as I'm here in the
sunshine
Every day's a little better as long as I'm here in the
sunshine
Lalalala- lalalala
