Just you and me underneath the mistletoe  
5 seconds, a stare, just you and me there  
Everybody else they seemed to disappear  
As you moved in oh so closer and you whispered in my  
ear  
You said you heard Santa high up on his sleigh  
You gave me a smile, and said you'd known for a while  
You said he had a present for me, just from you  
Then you made me close my eyes and I counted to two

Chorus

Then you kissed me  
Then you kissed me,  
Everything that I'd been wishing for, came true that day  
And when you kissed me  
And when you kissed me  
I knew that you and me would spend another christmas  
in this way

It started to snow, and so we went outside  
Fooling around, made snow angels in the ground  
You held me in your arms, the stars shon in the sky  
I thought we were alone, but then a snowman caught  
my eye

Chorus

Bridge

I want this day to last forever  
The snow melts away, but we'll stay together  
Santa knew I'd been so good  
Never naughty just misunderstood  
So he gave me my present and made you mine  
At Christmas Time!
