Father please forgive me  
Please forgive me, for I have sinned  
It's been six months and three days  
Since I last confessed  
Don't know where to begin  
I was looking for answers  
In all the wrong places and lost myself  
Fell deeper into a place  
Where I knew I could lose myself

[Chorus]

It's a wonderful world we are living in  
I just couldn't see the days from nights  
The rising from the falls  
It's a beautiful world that I threw away  
I just couldn't see  
What was in front of me  
For I am blessed

So I sit here before you and hope  
That you hear this girls silent prayer  
So foolish and selfish the pain  
That I caused it's all still there

And I know what you're thinking  
I know what you're thinking  
They'll never forget  
It's the price that I pay for the things  
I can't say, living in regret

Chase away all the fears  
Wipe away all the tears  
Cos I can't keep on living a lie  
No matter how hard i try  
I feel so ashamed and i don't know why  
The mistakes that I've made  
I hope someday will fade  
I hope someday my heart can rest  
I've been dying inside  
Wasting away my life

Father please forgive me

Please forgive me for I have sinned  
It's been six months and three days  
Since I last confessed  
Dunno where to begin?
