A ave Maria
A ave Maria
Oo oo oo oo

Were taking over the station
Survivors of a different kind
Messages of old dimensions say that were wise

A ave Maria
A ave Maria
Oo oo oo oo

Sensations are out on parade now
Thoughts have ended up left behind
Going round in circles fighting hidden desires

A ave Maria
A ave Maria

The signals are there to read
It's never that hard to see
Stop wasting your time you will find
Natures not always kind

A ave Maria
A ave Maria

A ave Maria
A ave Maria
A ave Maria
A ave Maria
