The look in your eyes
it brings me to life.
With all of your wonder I wanna be yours.
Your song in the night I'm always singing
When there's only the silence holding me tight through
the night.
Oh
give me your hand then you'll understand me

Every day is a gift
something we shouldn't miss.
There's no need to run away if you feel that this is for
real.

'Cos when it's warm and straight from the heart - it's
time to start.

You try to decide if we will survive or be torned apart
By the breaking of two aching hearts.

Oh
give me your hand then you'll understand me

...

Oh
give me your hand then you'll understand me

...

It's time to start
it's time to start.
