Now some people live darkness
And some people live in hell
It's hard when you live in daylight
To love the night as well
Why can't they live like brothers
Why won't they live in peace
Why do the same old prisoners
Sing I shall be released
O why, aye, aye

Salve deum eleison
He will save us all
Outside the gates of heaven we wait
Will he really come at all
Salve deum eleison
He will save us all
He come today, will he come today
Will he really come at all

It's hard to believe in saviours
After what my eyes have seen
More and more day-to-day life
Is like some crazy dream
But I still believe in kindness
And I still believe in love
Maybe a little blindness
Is all we're guilty of
O why, aye, aye

Salve deum eleison
He will save us all
Outside the gates of heaven we wait
Will he really come at all
Salve deum eleison
He will save us all
He come today, will he come today
Will he really come at all

Credo
I believe in the life within
Credo
Salve deum eleison

Salve deum eleison
