Some say it's sure collision  
say it's bound to lose

but there's no danying  
I'm able to choose.  
I know what leaves me cold and what burns me up

now this time it's just right  
I'm very sure.  
I call it wonder  
something hard of define

sometimes it's thunder that strikes my senses hard.

He's my destiny  
and it's hard to see how I could love him more

he's my destiny  
gotta hold on me  
I'm always back for more.

My heart has spent time drifting back and forth in love

just in what direction was never sure.  
And then he moved me quite like this.  
I call it wonder  
something hard to define

it's just like thunder that strikes my senses hard.  
He's my destiny  
and it's hard to see how I could love him more

he's my destiny  
gotta hold on me  
I'm always back for more.

He can turn me round  
slow me down

anytime he sees it fit to hold me back

it's enough to make me go out of my mind.

He's my destiny  
and it's hard to see how I could love him more

he's my destiny  
gotta hold on me  
I'm always back for more.  
He's my destiny  
and it's hard to see how I could love him more

he's my destiny  
gotta hold on me  
I'm always back for more.  
He's my destiny  
and it's hard to see how I could love him more

he's my destiny  
gotta hold on me  
I'm always back for more.
