I've loved and I've lost  
I've added the cost  
Now I want to live  
Free to start all over  
If you say you will  
I've nothing to promise  
All that I want is  
To know we have this chance  
We can make it different  
You just understand

That I'm in it for love  
I'm not in it for a love of a stranger  
'Cause there ain't enough time  
There ain't enough love to be found in this world  
If we're in it for love  
There can be no hurt, harm or danger  
There's no limit for us  
When the walls come tumbling down

You've sheltered your dreams  
And what does it mean  
To you if you can't say  
You have someone to side with you  
When you've gone against the grain

I've been there before  
And one thing's for sure  
This time I need some help  
This heart holds out for you  
Waiting here for no one else

I'm in it for love  
I'm not in it for a love of a stranger  
'Cause there ain't enough time  
There ain't enough love to be found in this world  
If we're in it for love  
There can be no hurt, harm or danger  
There's no limit for us  
Let the walls come tumbling down

You and me

Leaving the heartache in the sand  
The sky's wide open this time  
This time it's love we're holding in our hands

I'm in it for love  
I'm not in it for a love of a stranger  
'Cause there ain't enough time  
There ain't enough love to be found in this world  
If we're in it for love  
There can be no hurt, harm or danger  
In it for love, let the walls come tumbling down
