It's no good, loving you now
Still I can't stop it somehow
Feeling better since you've been gone
Don't know why, I keep, I just keep holding on

I want let go
Something you've got's got a hold of my soul
Makes no difference, staying away
I keep running anyway

Caught in this feeling, spinning around
Hearing the sound of your voice in my mind
Like a fever, burning inside
Done everything that I can
It's out of my hands (can't stop loving you)
It's out of my hands (can't stop loving you, baby)
It's out of my hands (can't stop loving you)
It's out of my hands

I tell myself I can't see you again
Everytime I take you you take me back in
Don't know what we're doing this for
Cause everyday I keep hurting,
You're hurting me more

Want to break free
You're all that I want but you're not what I need
Take a look, take a look at me now
Turn my whole world upside down

Caught in this feeling, spinning around
Hearing the sound of your voice in my mind
Like a fever, burning inside
Done everything that I can
It's out of my hands (can't stop loving you)
It's out of my hands (can't stop loving you, baby)
It's out of my hands (can't stop loving you)
It's out of my hands

I want to let go
Something you've got's got a hold of my soul
Makes no difference running away

I keep running back anyway

Caught in this feeling, spinning around
Hearing the sound of your voice in my mind
Like a fever, burning inside
Done everything that I can
It's out of my hands (can't stop loving you)
It's out of my hands (can't stop loving you, baby)
It's out of my hands (can't stop loving you)
It's out of my hands
