Iâ€™ve seen the shadows closinâ€™ in
And nothingâ€™s brought me closer to ruin
All that it seems Iâ€™ve come to learn
Is Iâ€™ve found out which way to turn
How can I ever tell you in words reasons why
To look for answers I
Search the sky you and I

Never befor could I decide
Truth is that love does lie sometimes
Although you still weigh on my mind
The hurt will leave with the passing of time
How can I begin to tell you in words reasons why
To look for answers I
Search the sky you and I
Search the sky you and I

Why must it be I must now walk away
From all Iâ€™ve known itâ€™s all thatâ€™s left
Still fires burn but I know where to turn
To look for answers I will search the sky

How can I begin to tell you in words reasons why
To look for answers I
Search the sky
How can I begin to tell you in words reasons why
To look for answers I
Search the sky you and I
Search the sky you and I
