Who's that playin' with the dead end boys  
Cool black leather lookin' for her toys  
Snakin' on by makin' all that noise  
Who's your sidekick  
Who's your sidekick  
Who's she walking like a fire queen  
Builds you up into a head of steam  
Betcha she thinks she's got the best of me  
Who's your sidekick  
Ain't you walkin' on a high wire?  
Ain't you playin' with a live wire  
When she goes

I'll be there when you fall  
There when you fall  
There when you call  
There when she stalls  
I'll be there when you call  
There when you fall  
Don't let that one fool ya  
Ooh, she don't love you boy, don't love you boy

She's just temporary flash and trash  
I got something here you know will last  
Don'tcha make me crazy  
Don'tcha make me ask  
Who's your sidekick tell me  
When she tells you she's your one fire  
I can tell ya she's a stone liar  
When she goes

I'll be there when you fall  
There when you fall  
There when you call  
There when she stalls  
I'll be there when you call  
There when you fall  
Don't let that one fool ya  
(Don't let that one fool ya)

You know that you love me baby  
You know that you love me always, ah

You know that I love you baby  
Don'tcha, ahhh...

Ain't you walkin' on a high wire?  
Ain't you playin' with a live wire  
When she goes

I'll be there when you fall  
There when you fall  
There when you call  
There when she stalls  
I'll be there when you call  
There when you fall  
Don't let that one fool ya

I'll be there when you fall  
There when you fall  
There when you call  
There when she stalls  
I'll be there when you call  
There when you fall
