It's a rainy night and it's over  
Tears are gonna fall any minute now  
And I know that it's you  
I gotta get over, I know I do  
But don't know how  
I pretend that I'm in control now  
I won't fall apart 'till I walk away  
And I say to myself you're gonna be stronger  
I tell myself it's better this way  
Wo, wo

You can't see tears in the rain  
No matter how hard you try  
You can't see anything  
Only the rain in my eyes  
You can't see tears in the rain  
So as we're sayin' goodbye  
Guess I'll be cryin' in vain  
Cause you can't see tears in the rain

The time has come, I'm letting go now  
I put it all behind me  
And just turn the page  
And I'll make you believe that it don't matter  
You'll never see it's all a charade  
Wo, wo...

You can't see tears in the rain  
No matter how hard you try  
You can't see anything  
Only the rain in my eyes  
You can't see tears in the rain  
So as we're sayin' goodbye  
Guess I'll be cryin' in vain  
Cause you can't see tears in the rain  
Tears in the rain oh no, oh who

You ain't never gonna see no tears in the rain  
Cause the rain's gonna fall  
And you won't see my pain at all  
And the rain comes down, I don't wanna go  
I see the memories flash before my eyes like a ghost

I fantasize that there's a glimmer of hope  
But it's over, I'll never be the same

You can't see tears in the rain  
No matter how hard you try  
You can't see anything  
Only the rain in my eyes  
You can't see tears in the rain  
So as we're sayin' goodbye  
Guess I'll be cryin' in vain  
Cause you can't see tears in the rain  
Tears in the rain oh no, oh who

You ain't never gonna see no tears in the rain  
Cause the rain's gonna fall baby

You can't see tears in the rain  
No matter how hard you try  
You can't see anything  
Only the rain in my eyes  
You can't see tears in the rain  
So as we're sayin' goodbye  
Guess I'll be cryin' in vain  
Cause you can't see tears in the rain
