Feel like dancing forever,
Through the sun and the rain,
To be with you every day.
We make music together,
And It begins to play,
When I look in your eyes.

I can feel the world spinning round,
Moving under my feet.
When I look in your eyes.
I can feel that love coming down,
Falling all over me.
And my heart skips a beat,
When I look in your eyes.

Like a ship on the ocean,
Riding high on the tide,
On a moonlit night.
With perpetual motion,
And I wear no disguise,
When I look in your eyes.

I can feel the world spinning round,
Moving under my feet.
When I look in your eyes.
I can feel that love coming down,
Falling all over me.
And my heart skips a beat,
When I look in your eyes.

Dreams keep coming true.
Skies are forever blue, hey.

I can feel the world spinning round,
Moving under my feet,
When I look in your eyes.
I can feel that love coming down,
Falling all over me,
And my heart skips a beat

And I can't even breathe,
Now you're all that I see,

When I look in your eyes.
