When we're far apart,  
No matter where you are,  
I feel you rushing to my heart.

And when I didn't believe,  
Love gave me back myself,  
Now you're the other part of me.

I've searched this whole world,  
To find someone like you.  
And when I held you for the first time I knew.

You're the one and only,  
One who's ever known me.  
You're my one and only.  
Gonna feel your love light,  
Shining down on my life,  
You're my one and only love.

People come and they go,  
But you were always there,  
Now I just want to let you know.  
In the dark of the night,  
When you're feeling all alone,  
I'll wrap you in my love so tight.

Without you in my life,  
I only exist.  
But when I'm in your arms, that's all there is.

You're the one and only,  
One who's ever known me.  
You're my one and only.  
Gonna feel your love light,  
Shining down on my life,  
You're my one and only love.

And if I lost your love,  
My whole world would end.  
Where would I look,  
To ever find my heart again.

You're the other part of me.

You're the one and only,  
One who's ever known me.  
You're my one and only.  
Gonna feel your love light,  
Shining down on my life,  
You're my one and only love.

You're the one and only,  
One who's ever known me.  
You're my one and only.  
Gonna feel your love light,  
Shining down on my life,  
You're my one and only love.

You're the one and only,  
One who's ever known me.  
You're my one and only.  
Gonna feel your love light,  
Shining down on my life,  
You're my one and only love.
