Honey, I know I've said it too many times before  
I said I'd never say it again  
I guess I shouldn't say anything at all  
Since you're supposed to belong to him  
But I just can't let you go  
Without telling you just how much I love you  
So that is why I'm gonna say it one more time

Honey come back, I just can't stand  
Each lonely day's a little bit longer  
Than the last time I held you  
Seems like a hundred years ago  
Back to his arms that never know  
The joy of love that used to taste like  
Honey come back for you belong to only me

Well I guess that's about I gotta say  
I'm just gonna take my bags and I'm gonna walk  
I know those bright lights are calling you honey  
Big fine cars and fancy clothes  
But if you ever want somebody to just love you  
Some day you just may just give me a call  
You know where I am and here's what I'll say
