La la la la la la  
La la la la la la  
La la la la la la la la

Standing in the doorway with a paper in his hand  
Weary from the road, he tries to smile  
He's all we ever wanted on this lonely afternoon  
But he can only stay a little while

Daddy, don't go  
It's a long hard road without you  
Daddy, you know  
We still talk about you

One more summer has come and gone  
And oh, my heart is sinkin' like a stone  
Can't remember when you went away  
But I know it's been too long  
And I can't make it on my own

Daddy, don't go  
It's a long hard road without  
Daddy, you know  
We still talk about you

Now and then you're with me in my dreams  
And my dreams are all I've got to pull me through  
Dad, won't you let me tell them you spoke to me today  
Just some word of comfort so they won't be blue

Oh, daddy  
Daddy, don't go...
