Who knows what tomorrow brings
In a world few hearts survive
All I know is the way I feel
When it's real I keep it alive
The road is long, there are mountains in your way
But we climb a step every day

Love lift us up where we belong
Where the eagles cry on a mountain high
Love lift us up where we belong
Far from the world blow
Up where the clear winds blow

Some hang on to used-to-be
Live their lives looking behind
All we have is here and now
All our life out there to find
The road is long, there are mountains in our way
But we climb them a step every day
Love lift us up where we belong
Where the eagles cry on a mountain high
Love lift us up where we belong
Far from the world we know
Where the clear winds blow

Time goes by, no time to cry
Life's you and I, alive today

Love lift us up where we belong
Where the eagles cry on a mountain high
Love lift us up where we belong,
Far from the world we know
Where the clear winds blow

Love lift us up where we belong
Where the eagles cry on a mountain high
Love lift us up where we belong
