We were walking in the sand I could feel your heart  
pound  
A man and a woman, walking in the sundown  
Maybe now I'll understand how you feel the way you do  
We all have the same emotion, Baby I can feel it too

It's like the rocking of the ocean  
The rolling of the sea  
When the feeling comes around  
When the feeling comes around

I have looked for love before  
I was looking all around you  
I'm not looking anymore  
Now that I've found you, I've found you  
When there's something deep inside  
That tells me this is real  
We're not just going through the motions this time  
I know it's love we feel

Just like the rocking of the ocean  
The rolling of the sea  
When the feeling comes around  
When the feeling comes around

It's like the rocking of the ocean  
Like the rolling of the sea  
When the feeling comes around  
When the feeling comes around

It's like the rocking of the ocean  
The rolling of the sea  
When the feeling comes around  
When the feeling comes around

La la la da la la la  
La la la da la

Like the rocking of the ocean  
The rolling of the sea  
When the feeling comes around  
When the feeling comes around

It's like the rocking of the ocean  
The rolling of the sea  
When the feeling comes around  
When the feeling comes around
