Yes, I do, and I do  
Yes, I do, and I do

(CHORUS)

I remember what you like  
(Never give up, I'll never give up)  
I remember what you like  
(Never give up, I'll never give up)

(CHORUS)

If I had a? for you  
I would make it last for hours  
Just because I know what to do  
You'll know I have some secret powers

I just like to use what's mine  
And I have a way with time

(CHORUS)

I remember what you like

I remember how you cried  
I remember all that hurt you  
When you showed your softer side  
You thought I would desert you

But I know what makes you smile  
I can make it worth your while

(CHORUS)

When I become so real  
It can make you pray for yours  
You put your tight pants on  
Pretend you have some power

You endlessly dance through the night  
? up, oh, so tight

I know just what you like  
(Never give up, I'll never give up)

I remember what you like  
(Never give up, I'll never give up)

I remember what you like  
(Never give up, I'll never give up)  
I remember what you like, you like  
You like, you like, you like  
You like, you like, you like  
You like, you like, you like

That's right, that's right  
That's right, right, right...

(Never give up, I'll never give up)  
(I, I never give up)  
(Never give up, I'll never give up)  
(I, I never give up)

I just like to use what's mine  
And I have a way with time  
I remember what you like  
I have a way with time  
I remember what you like

(Never give up, I'll never give up)  
I remember what you like  
(Never give up, I'll never give up)  
I remember
