All this time you told yourself you're in control
Said you'll never play the part
Then he came along your heart was what he stole
You're rolling down the hill of love
You go (ooh)

You tumble and fall
You spread out your wings
You try to fly high, but you're caught in him
Maybe it is all in vain
We tried

Say say say
You already spinning round, oh it's way too late
You already tumbling down
Love's got you on your knees
Love's got you begging please
And it's true, I do
I keep on loving you (ooh)

Once again you told yourself not anymore (ooh)
Will he ever steal your heart
But now
Now he go and tear it all apart
You're rolling down the hill of love
You go

You tumble and fall
You spread out your wings
You try to fly high, but you're caught in him
Maybe it is all in vain
We tried

Say say say
You already spinning round, oh it's way too late
You already tumbling down
Love's got you on your knees
Love's got you begging please
And it's true

Love has got you on your knees
Got you working overtime

Anything to have is mine
Calls you back when he is in need
Got you on your knees

It's too late you already spinning round
Oh it's way too late you already tumbling down
Love's got you on your knees
Love's got you begging please
And it's true, I do
I keep on loving you (ooh)
What you gonna do
Keep on loving you
What you gonna do
I keep loving you
