Everything I touch turns to shit
Everyone I try to love won't hear of it
Now my hands are overfull of things I'd like to give
Does anybody want it
Does anybody want it
Does anybody want me

I've been mapping it out
I don't know what's wrong with me but I wish that it was
something else

I've been mapping it out
Maybe you should find a girl who cares about herself

It's silence at the bottom of a bottle

Ba

Ba da da ba

Ba da

It's silence at the bottom of a bottle

Everywhere I look I see your face

No button I can push

Delete

Erase

Can nothing straight but for the emptiness

No one left for me to miss

I've been mapping it out

(Ba)

(Ba da da ba)

I don't know what's wrong with me but I wish that it was
something else

Down here we've got so much time to forget

I wonder if this is how I pay for the things I've broken
carelessly
Nobody wants to step on it
I guess I just keep drinking

It's silence at the bottom of a bottle

The problem will find them
Sooner or later you have to hit something
