You saved me
You saved me
You saved me
From this boredom once before
I'm lady
I'm lady
I'm lady lamb and I'm coming
To the slaughter once more
Salva me
Don't clip my eagle wings
Don't say a prayer
Give me give me give me a chance
To kick my feet up in the air
I can feel the freedom
I can feel it coming
Salva me
Listen what I say
I don't want no one to tell me that they love me
I don't want no special prizes
Just you come here
Salva me
Sentirse libre
Sentirse libre
I know you
I know you
Could ride rough shod
Over me
There's no-one else
It's just little old me
Just little old me
Don't want no
I don't want no
Don't want no-one to tell me that they love me
I don't want no special prizes
Just you come here
And I'll let you love me
You come here you come here and I
I'll letcha I'll letcha I'll letcha love me
Salva me
Don't clip my eagle wings
Or say a prayer

Give me give me give me a chance
To kick my feet up in the air
