You and me were such good friends (ens)  
For years and years we acted like kids (ids)

Now were in our teen years (ears)  
And we want to be more than just friends.  
When I look into your big blues eye  
I get a feeling inside that I can't descride.

We walk around holding hands.  
I just can't believe that our close frendship turned out  
to be like this.  
Sometimes I wonder why you chose me out of all the  
people in the world.

But honestly I wouldn't have it any other way

A couple months have went by since we we've been  
together  
And now I relize that you want to be with her

So why don't you just go!  
It's not like I'm holding you back

Now everyday when I look into your eyes  
All I feel is pain and I know you feel it too

I just want to tell you that I'll never forget you
