Since the day you walked into my dream
I have felt an older side revealed
Taking me and standing way above
Making me dishonest with your love

Ooh, 'cos I was always far to lonely to believe
You could want me back now
Prey

Ooh, and it was always second chances I received
Don't you want me back now
Prey

Learning sometimes takes a little time
Holding out and hoping that it's mine
Falling out and falling in between
Turn myself around myself I see

Ooh, 'cos I was always far to lonely to believe
You could want me back now
Prey

Oh, and it was always second chances I received
Don't you want me back now
Ah, sugar box

Lips like sugar
Sugar, sugar box
Ah, lips like sugar
Sugar box

Burning with the hurting of a child
Crying out and hoping that it's mine
Sliding out and drifting on away
I've turn myself around once in this game

Ooh, 'cos I was always far to lonely to believe
You could want me back now
Prey, prey

Ooh, and it was always second chances I received

Don't you want me back now
Ah, ah, ah, ah, sugar box

Ah, she had lips like sugar
Sugar box, she said
Lips like sugar, sugar box
