Moments of love
Close beside you in the warmth of the light
All through the night
It's just you and me
Making music to the beat of our hearts
Lost in the stars

Chorus:
Moments of love (moments of love)
Bringin' us closer together
Sweet memories (sweet memories)
I know we'll remember forever
Moments of love

My lover, my friend (my friend)
I can tell you all the things that i feel
Our love is real
Here in your arms (your arms)
I feel just like i could do anythng
You've given me wings

(repeat chorus)

Bridge:
Faded photographs and letters
Signed i love you
Promises we made and kept
And dreams that came true
Dreams that came true....
Dreams that came true....

Coda:
And day after day (day after day)
We'll fill our lives
With moments...
Of love...
Of love....
Bringin' us closer together
Sweet memories (sweet memories)
I know we'll remember forever..
Moments of love...
