I've had enough of dreamin'
I guess it's time to make my move
I never stopped believin'
I'm gonna make it, yes I could
Never stopped searching for my star
(Keep on wishin') Wish I may, wish I might
Keep believin' it's not that far
We're gonna make it, yes tonight's the night

I gotta survive
I gotta keep going
Gotta stay alive
Gotta keep movin'
Keep the faith, keep your cool, keep believin'
When you fall, get on up, keep on groovin'
Hold on tight, don't let go, know your rival
In the end, you'll end up the survivor

Come on everybody,
There are brand new stars
They all have it and
They're givin' it and they
Won't hold back, yeah...

(Dream, believe, survive)...

Come on everybody,
There are brand new stars
They all have it and
They're givin' it and they
Won't hold back, yeah...

Dream, believe, survive!
