Did you take tram number seven to heaven?  
Did you eat your banana from Seven Eleven?  
I'm driving in my daddy's car, life is aching in my heart  
If we someday have to part, where do I go when you  
take  
Tram number seven to heaven  
Tram number seven to heaven  
Tram number seven to heaven  
I'm walking, I'm walking in your tracks  
Millions have turned backs  
Fifteen heart attacks, later  
Tram number one is full of fun  
Tram number two is couchie coo  
Tram number three has misery  
Tram number four knocks at your door  
Tram number five, I'm still alive  
Tram number six, I think I'm fixed  
Tram number seven  
Tram number seven to heaven  
Tram number seven to heaven  
Tram number seven to heaven  
Tram number seven to heaven  
I'm fixed, I'm fixed, I'm fixed, I'm fixed  
I'm fixed, I'm fixed, I'm fixed
