

Camper Van Beethoven "Come Down The Coast"

Visit "[Come Down The Coast](#)" on MotoLyrics.com

Grass it is green, cool beneath our feet
Honey, it's sweet, sweet on the bread
The sea and the shore, forever entwined
They all sing the same song
Please come down the coast

Esmeralda, come down and see me sometime
Gabriella, come down and see me sometime
Isabella, come down and see me sometime
Come down the coast

So bring down your good friends, bring down the
madmen
Bring the old tigers, bring down the young turks
Bring out the seers, the confederate dreamers
They all sing the same song
Please come down the coast

Josephina, come down and see me sometime
Magdalena, come down and see me sometime
Rosalina, come down and see me sometime
Come down the coast

Esmeralda, come down and see me sometime
Gabriella, come down and see me sometime
Isabella, come down and see me sometime
Valentina, come down and see me sometime
Come down the coast
