He's got the Eye of Fatima on the wall of his room  
Two bottles of tequila, three cats and a broom  
He's got an 18-year-old angel and she's all dressed in  
black  
He's got 15 nickels of cocaine tied up in a sack  
And this here's a government experiment and we're  
driving like Hell  
To give some cowboys some Acid and to stay in motels  
We're going to eat up some wide open spaces  
Like it was a cruise on the Nile  
Take the hands off the clock, we're going to be here a  
while  
And I am the Eye of Fatima on the wall of the motel  
room  
And cowboys on acid are like Egyptian cartoons  
And no one ever conquered Wyoming from the left or  
from the right  
But you can stay in motel rooms and stay up all night
