The lights went out
In the abandoned house
Your house
After you left
Waved goodbye
Sat on a crate
Thought when I spoke
And thought when you're gone

It's just like every day
Do-do-do-do
Ice cream

Ride my bike
I turn the corner
And go home
Walk on the ground

Blink my eyes
Breathe the air
And drink water
Just like every day
It's just like every day
Do-do-do-do
Ice cream

I'll never forget
That day when I washed
My face
In the sink

And I went to the store
And I bought some bolts
And I bought some napkins
And I went back home and washed my face

It's just like every day
Do-do-do-do
Ice cream
