Why should we break up if we keep makin up.
I mean lets just stay together.

I know together we make this relationship a little harder
a least on ourselves
we give and we take from eachother so much that i feel
we don't need no one else
we fuss and we fight then the next day we tight
this is crazy girl you need some help

CHORUS:

Girl if you pull up to my window i'ma take your order
(or order)anything you want girl you know i'll get it for
ya(for for ya)say you wanna be my baby you know i
gotta spoil ya(spoil spoil ya)for the rest of my life i'm
ready to enjoy us
so why H*** we break up
if we only make up

i ain't gon stop
never gotta front
you tha only one i want girl
So why the h*** we break up if we only make up

aw.we woke with the birds into soft spoken words that
will lead you right into my arms
the perfect equation like $mx+b=y$ we are probly apart
no one on this earth it's like ms.butterworth
it's someone i'd do anything for
it seems like your pullin ya heart away

CHORUS:

But if you pull up to my window i'ma take your order
(or order)
anything you want girl ya know i'l get it for ya (for for
ya)say you wanna be my baby you know i gotta spoil ya
(spoil spoil ya)
for the rest of my life i'm ready to enjoy us
so why the h*** we break up if we only make up
i ain't gon stop
never gotta front
you tha only one i want girl
so why the h*** we break up if we only make up

in the middle of the night i be wonderin why
why you ain't right here
any day's goin by and i ain't gon lie
i need you right here
my baby after all call me crazy
but it's like a draw
seems like it's daily
we get back in
it's cupid in disguise
cause girl yo know i i i love ya and i know sometimes
we struggle
you are the piece to the puzzle
come and take a ride
so wantcha
pull up to my widow i'ma take your order (or order)
anything you want girl you know i'll get it for ya (for for
ya)
say you wanna be my baby you know i gotta spoil ya
(spoil spoil ya)for the rest of my life i'm ready to enjoy
us
so why the h*** we break up if we only make up
i ain't gon stop
never gotta front
you the only one i want girl
so why the h*** we break up if we only make up
