yo why should we break up if we keep making up?  
i mean lets just stay together..  
uhhh. ohh, yeah...

i know, together we make this relationship a little  
harder, at least on ourselves  
we give in , we take from each other so much that i feel  
we don't need no one else  
we fuss and we fight and the next day we tigt an shes  
crazy, girl you need some help..

girl if you pull up to my window imma take your order  
anything you want girl you know i get it for ya  
say you wanna be my baby you know i gotta spoil ya  
for the rest of my life im here to enjoy us

so why the hell we break up, if we only make up.  
i ain't gonna stop  
now i gotta front, your the only one i want girl  
so why the hell break up, if we only make up.

uhh we woke with the birds into soft spoken words that  
will lead right you into my arms [arms]  
the perfect equation like  $mx+b= y$  we are probably  
apart  
no one on this earth is like missed by the worth its the  
one i would do anything for  
it seems like you blowing your heart away

but if you...pull up to my window i'ma take your order  
anything you want girl you know i get it for ya  
say you wanna be my baby you know i gotta spoil ya  
for the rest of my life im here to enjoy us

so why the hell we break up, if we only make up.

i ain't gonna stop  
now i gotta front, your the only one i want girl  
so why the hell we break up, if we only make up.

In the middle of the night, ill be wondering why, [why  
you ain't right here]

many days go by and i ain't gonna lie [i need you right here]

my baby after all call me crazy but you like a drug  
summer kiss daily you get back in love  
cupid in the sky, cause girl you know i love you, and i  
know sometimes we struggle

you are the piece to the puzzle, come here take a ride

so why wont ya, pull up to my window i'ma take your  
order

anything you want girl you know ill get it for ya  
say you wanna be my baby you know i gotta spoil ya  
for the rest of my life im here to enjoy us  
so why we break up, if we only make up. [if we only  
make up]

i ain't gonna stop  
now i gotta front, your the only one i want girl  
so why the hell we break up, if we only make up.  
[make up, make up]
