Jeremih:

Oh don't, oh don't

Oh, yeah

What, when my cup

City ticket on my truck

Then they couldn't pass me

That ambition...

What, when my cup

I'm chill now I don't give no fuck

And though she thought she had me

I just figured last week

Let it rip, keep it moving

It's my time, I don't need it

Let it rip, keep it moving

Even if it's on my own

Remember me?

Wow

Hennessy flow

All you see grows

I don't see

Don't tell her

Industry to industry

Hoes

Lemme see those

I'm just tryin' to chill and make a lil' money

My nigga D grows

Now you ain't seen me by round in a minute

But when I'm seen I got the diamonds on

Head nurse niggas at the coffee shop

Had the nerve to tell me that I'm ground to ground

That this girl really wanna come, wanna stay

Penthouse up in Vegas, medley

With an ass like my God

Give it a praise

If I smack that any day,

It'll be ok

Let it rip, keep it moving

It's my time, I don't need it  
Let it rip, keep it moving  
Even if it's on my own  
Let it rip  
I'm chill now I don't give no fuck  
And though she thought she had me  
I just figured last week  
Let it rip, keep it moving  
Girl, girl  
Even if it's on my own

Marcus Fench:  
Damn, breaking again  
Hoping, not thinking again  
I can share your heart in bed love  
Next day not speaking again  
Gotta keep my wheels G  
Yes man, that's why we in advance  
Don't be my reason events  
Slow stroke that ass while  
The record spins  
I pause up black cherry wet  
I'm here now and I mean trouble  
My checks weigh more than I thought they would be  
Bitch I beat seeing double  
While I used to write this vocabulary  
Smoked out from that damn rhyme  
With the feater flying, cause the pen was broke  
I'm good now but back then I was like

Jeremih:  
What, when my cup  
City ticket on my truck  
Then they couldn't pass me  
That ambition...  
What, when my cup  
I'm chill now I don't give no fuck  
And though she thought she had me  
I just figured last week

Let it rip, keep it moving  
It's my time, I don't need it  
Let it rip, keep it moving  
Even if it's on my own  
What aha  
Ok shut up  
Don't touch, shake off  
Tell her keep it moving  
Sorry I hope you to get better  
But for me to deal with that right now, never!

Let it rip, keep it moving  
What, when my cup  
City ticket on my truck  
It's my time, I don't need it  
Then they couldn't Wass me  
That ambition...  
What, when my cup  
I'm chill now I don't give no fuck  
And though she thought she had me  
Even if it's on my own  
I just figured last week

Keep it moving

Well, well, well
