So here I am  
Got myself thinkin again  
In the end  
It's all the same  
Don't live life to stay like we were  
Either way it's just a game  
Don't trust you much more than myself  
I can tell because

My fingers are slipping  
My lips move to drinkin  
And I wanna know  
Just what you were thinking  
I can't change the past  
My pulse it will quicken for days  
Either way, it's all to be

Keep your eyes open for me  
Don't let me get swept away  
Leave your eyes open for me  
Cause I want a reason to breathe

So here we are  
Stuck in the middle again  
Draw the line  
Now draw an end  
Conclusions are made in the mind  
Right behind those shinin' eyes  
Don't trust you much more than myself

I can tell because

My fingers are slipping  
My lips move to drinkin  
And I wanna know  
Just what you were thinking  
I can't change the past  
My pulse it will quicken for days  
Either way, it's all to be

Keep your eyes open for me  
Don't let me get swept away

Leave your eyes open for me  
Yeah

I wanted to stay  
And drag out the reasons with you  
Could be the best thing that you ever did  
So leave me here lying along  
I still miss the sound of your breath  
Don't let me get swept away

I want you to know that  
My fingers are slippin  
My lips move to drinkin  
And I wanna know  
How I'm supposed to stay
