

Jeremiah's Grotto

"Month Of May"

Visit "[Month Of May](#)" on MotoLyrics.com

Your eyes are swelling
From too much weeping
Darkened circles
Reveal that you care
Recollection
Is too disturbing
Letting love go,
Is holding you there

Do you ever sleep at night,
Even in the pouring rain? (pouring rain)
Do you ever sleep at night,
Even in the month of May?

In a moments weakness
She answers the phone
Expectations
You hope that he's there
It's been too long now
Since he's been gone
A mother's worries,
Show that she cares

[CHORUS x2]
