I wish that you were here, right now
So I could tell you all about...

About me, about yourself
Remember when we stayed up all night
And talked about what we were given

And you were all I had
And you are all I need

I wish that you were here
I wish that you were here, right now
I wish that you were here
I wish that you were here, now
(I wish that you were here) right now
(I wish you were here) right now

[x2] I wish that you were here, right now

RIGHT NOW!

[x2] Right now
