[Hook]

Early in the mornings when I think about you
Yeah - I hit you like "what you sayin'?"
The morning's when I wanna fuck you
Yeah - I hit you like "what you sayin'?"
I could fuck you all the time
I could fuck you all the time

[Verse 1]

M-O-E-T
That's the fuck we sippin'
That's the fuck been drippin'
Traphouse still tippin'
Facetime when I'm gone
She give me dome from a distance
And she love to climb on top
Cause she love to walk off limp'in'
Pimps up, hoes down
Legs up or toes down
Why she jock me? 'Cause she knocked knees
And we got trees, so Mary go around
Gotta know I ate it
She so sweet, now and later
I want that all the time, all the time
I'mma give you all of mine when it'sâ€¦

[Hook]

Early in the mornings when I think about you
Yeah - I hit you like "what you sayin'?"
The morning's when I wanna fuck you
Yeah - I hit you like "what you sayin'?"
I could fuck you all the time
I could fuck you all the time

[Verse 2]

Pussy for breakfast, that's how I start my day
My dick is a pen, it's written all over her face
I put my tongue in her mouth, I make them pussy lips
drool
She got that junk in her trunk, you know I like junk food
I tell it like this, life is good - Your pussy betterâ€¦
But I put on that Magnum on like a gold medal

And if it's sweet then I'mma eat it 'til I get sugar
diabetes
I'm a blood and she anemic - perfect
Tunechiâ€¦

[Hook]

Early in the mornings when I think about you
Yeah - I hit you like "what you sayin'?"
The morning's when I wanna fuck you
Yeah - I hit you like "what you sayin'?"
I could fuck you all the time
I could fuck you all the time

[Verse 3]

Damn, damn lil' mama, you're sticky, icky, icky
Got a nigga out here feelin' picky, icky, icky
Every time you put it on, man, it leave me real trippy
Every time we on it we keep it 50-50
Don't let the time ticky, icky, icky
While I'm snappin' off your bra, and bitin' on your titties
Feelin' real tipsy - gettin' real freaky and it's gettin' real
frisky
Never say "no" - damn, she's so cold
Up and down that pole - she go, goâ€¦
Fuck me like you hate me, kiss me like you miss me
Anything I want to, that's what she always lets me

[Hook]

Early in the mornings when I think about you
Yeah - I hit you like "what you sayin'?"
The morning's when I wanna fuck you
Yeah - I hit you like "what you sayin'?"
I could fuck you all the time
I could fuck you all the time
