Thought you were my star  
Thought you were the moon  
But since you've come down here  
I sit so confused  
What more can I do  
Too speechless to say  
They told me that love would  
Never feel this way  
See down in my heart  
I gave it a hunet and one percent all the time  
Thinking that I  
Could live out these eh-ep-si-si-isodes  
No reruns I suppose  
But then I lied, we've stayed in rewind  
And Now I'm broken down  
Now I'm broken  
Now I'm broken  
Now I'm broken

Can't say I was blind  
I seen this before  
For your full attention  
It seems I'm at war  
Consistently more  
There's no more to prove  
This treasure hunts over  
I found all the clues  
See down in my heart  
I gave it a hunet and one percent all the time  
Thinking that I  
Could live out these eh-ep-si-si-isodes  
No reruns suppose  
But then I lied this hectic divine  
And now I'm broken down  
Now I'm broken down  
Now I'm broken down  
Now I'm broken down  
Now I'm broken down

You make it hard to hold you down, down  
But you still hard to do without, out  
How do u live with your mistakes, stakes

But then again  
Why do  
I stay  
Yeah
