Yes, yes, fresh in the flesh
Iâ€™m the best dressed and the best sex
Iâ€™m the dutch master
Iâ€™m jet set till I just sweat and my chest wet
â€™Cause I gotta flex like fuck master
Party full of hoes and Iâ€™m checking out a way to find
that look
Run that kush in the air
In a shirt, that casket â€™cause the way that I be killing it
Donâ€™t nobody compare
Two step with a slight hop to the right spot
â€™Cause I might holla at a honey
No sweat, she might pop â€™cause she know
A nigga got a pocket full of money
I tell it to her biggest fans, go into a rage when I look at
how she dance
Standing on the stage with a handful of bands
And thatâ€™s when I

Bump that ass a little more
This bitch going on and on and on
The party you know will never stop
We be going â€™bout till 9 oâ€™clock

Sipping on a blue of Ciroc
Booze for the hoe
Her â€¦ on the spot when we come around
Gonna flex on to my â€¦ honey, gotta dance
Just me and my niggas
Donâ€™t mind if people calling that battle or the band

Bump that ass a little more
This bitch going on and on and on
The party you know will never stop
We be going â€™bout till 9 oâ€™clock

Iâ€™m feeling NY but you know Iâ€™m Chicago
I hope your girls are freaks â€™cause Iâ€™m my nigga
shadow
I just left my shelter, swear I just left the lotto
Tricks donâ€™t fear to follow, so turn that ass a combo

With them other girls, all you party girls
All you independent bitch ass bullshit, party girls
We in here to be happy, bring in all the girls
Throw your hands to pop, you ain't tryina turn it down

Bump that ass a little more
This bitch going on and on and on
The party you know will never stop
We be going 'bout till 9 o'clock

Sipping on a blue of Ciroc
Booze for the hoe
Her ... on the spot when we come around
Gonna flex on to my ... honey, gotta dance
Just me and my niggas
Don't mind if people calling that battle or the band

Bump that ass a little more
This bitch going on and on and on
The party you know will never stop
We be going 'bout till 9 o'clock

Bump that ass a little more
This bitch going on and on and on
The party you know will never stop
We be going 'bout till 9 o'clock

Sipping on a blue of Ciroc
Booze for the hoe
Her ... on the spot when we come around
Gonna flex on to my ... honey, gotta dance
Just me and my niggas
Don't mind if people calling that battle or the band

Bump that ass a little more
This bitch going on and on and on
The party you know will never stop
We be going 'bout till 9 o'clock
