This ain't the first or last time  
We'll meet up this late at night  
To let our fates intertwine  
Casually I'd rather be  
Detached from all tragedy  
This don't need to be defined

And I know that it's wrong  
I do, I do  
Baby keep holding on  
I do, I do  
Yeah, I know that it's wrong  
I do  
When the sun comes up I'll be gone

[Chorus:]  
I only know him in the dark  
I only know him in the dark

Try to stay desensitized  
Keep my feelings out of mind  
My body won't be denied  
Never took this road before  
Love was always out the court  
Of anyone I've been with before

And I know that it's wrong  
I do, I do  
Baby keep holding on  
I do  
Yeah, I know that it's wrong  
I do  
When the sun comes up I'll be gone

[Chorus:]  
I only know him in the dark  
I only know him in the dark

A smile's across your face  
Your lips a familiar taste  
Stay focused, I try

Can't get this out of my mind  
I want more than what this is  
Whatever we're calling this  
The truth just breaks my heart

[Chorus:]

I only know him in the dark  
I only know him in the dark
