(Intro)

You like that?, where you goin'

Baby,relax somebody gonna come up

Ah for real

Who's that lady

Ah for real

It's real

(Hook)

Haven't you noticed I had my eyes on you,you,you

Girl you know it's something,something,something

Before we got to touching,touching,touching

I'll be all maybe you should call through

We could get poppin' ,poppin',poppin'

And they was knockin',knockin',knockin'

(Verse)

Girl it's something 'bout you,you,you,you

Ah,and you know my flag real

But shawty God damn

Girl I got the blues,blues,blues,blues

And that thing innovates to fast

It's about roll the tanks out

I wanna do,do,do,do to you,you,you ah

Yeah,see I'ma show you baby

'Cause you can't notice

And I don't promise

But promises makes me broken

But I'm a freak girl I do it with my tongue

And you bang bang bang and that's not what I done

What that teasing me 'bout

I put your feet in my mouth

And the bed fucked up

So we sleep on the couch ah

She say her boyfriend at home and I say so

'Cause when I say go

(Hook)

Haven't you noticed I had my eyes on you,you,you

Girl you know it's something,something,something

Before we got to touching,touching,touching

I'll be all maybe you should call through

We could get poppin' ,poppin',poppin'

And they was knockin',knockin',knockin'

(Verse)

She like a menace hard headed, heart made of granit
Dick ain't dummy leave her stuff stranded
The neighbours knockin' 'cause they hatin' they can't
stand it
Especially when I get behind her like a alley
She love it when a gangsta act silly
She love to be around my artilerry
Captivated by illegal activity
Her attitude ugly but her body is pretty
When we break up to make up she wake up,
She look good in the morning without no make-up
Sometimes I lie like Eddie Haskell
So I dive in and put her legs on my clavícula
He used to buy her flowers but I think he forgot
Now she got a G like me hitting her G spot
Something on titties, I'm original, stop
Bang, bang, bang friday pop
(Hook)
Haven't you noticed I had my eyes on you, you, you
Girl you know it's something, something, something
Before we got to touching, touching, touching
I'll be all maybe you should call through
We could get poppin' ,poppin', poppin'
And they was knockin', knockin', knockin'
