Yo why should we break up if we keep makin up
I mean lets just stay together

ooooo eh oo eh ooooo ehh oo eh

I know, together we make this relationship a little
harder ,at least on ourselves.
We give and we take from each other so much that I
feel we dont need no one else.
We fuss and we fight,then the next day we tight, this is
crazy girl you need some helpppppp...

GIRL if yo pull up to my window,Ima take ya order,or
order
Anything you want girl you know ill get it for ya, for for
ya
Say you wanna be my baby you i gotta spoil, spoil spoil
ya
For the rest of my life im ready to enjoy us
So why the hell we break up,if we only make up
I aint gone stop,never gone front
You the only one I want girl
So why the hell we break up, if we only make up
