And I tried to find anything I could  
To fill the void that I had felt inside  
And I tried to hide 'cause I never could release  
The very guilt that was in my mind  
Every time that I'd trace these lines  
I'd feel like I had been so blind

'Cause You are everything that I hope for  
And everything that I breathe for  
And everything that this heart will need, yeah  
Everything that I hope for  
And everything that I crave

Sometimes I feel a fight to release the grip  
And trust that everything will be alright  
And it's been so real to feel the peace that You give  
Start unfolding when I let things go  
Every weight that I had build inside  
When I lay it down, I realize that

You are everything that I hope for  
And everything that I breathe for  
And everything that this heart will need, yeah  
Everything that I hope for  
And everything that I crave

All these pointless ties to these endless lies  
That this temporal life will satisfy  
Well, I hide my life in you

You're everything that I hope for  
And everything that I breathe for  
You're everything that this heart will need  
You're everything that I hope for  
And everything that I crave

Everything that I hope for  
And everything that I breathe for  
And everything that this heart will need, yeah  
Everything that I hope for  
And everything that I crave

Everything that I hope for  
And everything that I breathe for  
And everything that this heart will need, yeah  
Everything that I hope for  
And everything that I crave
