I felt like I was spinning  
Didn't know what was up from down  
I tried to fix what I had broken  
Was scattered all around

It's seems that every time  
I try walking by myself I end up on my face  
With no where else to go  
So, I surrender all my ways

Take all of these impurities  
Giving You this wretched soul  
I'm giving You these insecurities  
Giving You all control

I've placed somehow, my feet on the floor  
Making sure I won't make that mistake anymore  
I've tasted all the emptiness around me  
I'm never going back

I've settled myself well before the lies  
That this will satisfy  
But You're all that I need and I have peace inside  
So please, keep tearing out all of my pride

Take all of these impurities  
Giving You this wretched soul  
I'm giving You these insecurities  
Giving You all control

I'm taking all of these and laying them at Your feet now  
I'm resting in the fact that everything is safe now  
And I let go of all the things, I'm no more afraid now  
Every word that You have said, I'll know I'll never doubt

Take all of these impurities  
Giving You this wretched soul  
I'm giving You these insecurities  
Giving You all control
