I try so hard but I always fall short
So I've faced the truth of my weakness
There's nothing good that I can bring forth
But I stand in the strength of Your presence

I've wasted time always trying to face things alone
But I wait here now and I lay it all down

I know who I am and I know I'm not able
To stand on my own, I can't live all alone
So I'm taking my hands and I'm reaching them out
And I fall down, for You I fall down

In times of brokenness always You show
The depth of love that You bring me
And I'm kneeling down in Your presence I know
Your source of life I'm receiving

I place myself in Your arms that will always lead me
And I won't let go cause there's nowhere else to go

And I know who I am and I know I'm not able
To stand on my own, I can't live all alone
So I'm taking my hands and I'm reaching them out
And I fall down, for You I fall down, oh yeah, hey

I don't know why the things I want to do
I always run from now, oh
Because I know apart from You there's nothing that I
Can I do where life will become new, oh

And I know who I am and I know I'm not able
To stand on my own, I can't live all alone
So I'm taking my hands and I'm reaching them out
And I know that I'll take everything that's in me
And I fall down, for You I fall down, for You I fall down,
ohh
