The reason why I stand, the answer lies in you. You hung to make me strong, though my praise was few. When I fall and bring your name down, but I have found in you a heart that pleads forgiveness, replacing all these thoughts of painful memories. But I know that your response will always be

Chorus:

I'll take you back, always and
even when your fight is over now,
even when your fight is over now.
I'll take you back, always and
even when the pain is coming through
even when the pain is coming through
I'll take you back.

You satisfy this cry of what I'm looking for and I take all I can, and lay it down before the throne of endless grace now that radiates what's true. I'm in the only place that erases all these faults that have overtaken me. But I know that your response will always be

Chorus:

I'll take you back, always and
even when your fight is over now,
even when your fight is over now.
I'll take you back, always and
even when the pain is coming through
even when the pain is coming through
I'll take you back.

Bridge:

I can only speak with a grateful heart as I'm pierced by this gift of your love. I will always bring an offering. I can never thank you enough.

You'll take me back, always and
even when my fight is over now,
even when my fight is over now.
You'll take me back, always and
even when my pain is coming through,
even when my pain is coming through.

You'll take me back. Always.
Even when my fight is over now,
even when my fight is over now,
you'll take me back always,
even when my pain is coming through,
even when my pain is coming through,
you'll take me back.
